Attached is a copy of the New York Times article and a copy of the letter we sent to the states. We used a ditto form letter to the states for which no specific material was listed in the article. To those states for which a title was listed we used the same letter content except that we requested the title listed in the article.

In response to our letter we received:

- a. material from 16 states
- b. reply of nothing available from 4 states
- c. material in preparation, will send when published from 10 states
- d. 3 states replied nothing available, however each referred us to an individual who might help us. We have not tried to contact these individuals; we usually check with OO/C on individuals.

We have the replies should you wish them.
